***Election/Restrictions***

1. Restriction is required under 35 U.S.C. 121 and 372.

This application contains the following inventions or groups of inventions which are not so linked as to form a single general inventive concept under PCT Rule 13.1.

In accordance with 37 CFR 1.499, applicant is required, in response to this action, to elect a single invention to which the claims must be restricted.

Group I, claim(s) 1-16, drawn to a method of producing detergent, classified in class 205, subclass 687.

Group II, claim(s) 17-20, 25 and 26, drawn to a detergent producing apparatus and a washing machine or a dish washer provided with the detergent producing apparatus, classified in class 204, subclass 275.1.

Group III, claim(s) 21-24, 27 and 28, drawn to a washing machine, classified in class 134, subclass 94.1.

2. The inventions listed as Groups I-III do not relate to a single general inventive concept under PCT Rule 13.1 because, under PCT Rule 13.2, they lack the same or corresponding special technical features for the following reasons: The specific limitations of Group II such as solution tank, first supply means and third supply means are not required in Group III. Likewise the specific limitations of Group II such as a washing tub and a means for supplying detergent are not

required in Group III. Furthermore, the specific limitations of Groups II and III as mentioned above are not required in Group I.

3. A telephone call was made to Mr. William S. Boshnick on March 15, 2002 to request an oral election to the above restriction requirement, but did not result in an election being made.

Applicant is advised that the reply to this requirement to be complete must include an election of the invention to be examined even though the requirement be traversed (37 CFR 1.143).

4. Applicant is reminded that upon the cancellation of claims to a non-elected invention, the inventorship must be amended in compliance with 37 CFR 1.48(b) if one or more of the currently named inventors is no longer an inventor of at least one claim remaining in the application. Any amendment of inventorship must be accompanied by a petition under 37 CFR 1.48(b) and by the fee required under 37 CFR 1.17(i).
